All Users shall electronically accept the terms of the Pledge to Protect Confidential Information on their first login.

Please contact [ASISHelpDesk@azdhs.gov](mailto:ASISHelpDesk@azdhs.gov) if you have any questions.

ASIS is a computer based immunization registry and tracking system implemented by the Arizona Department of Health Services and its partners. It is intended to aid health care professionals and other users who have a need to check a client's immunization status according to A.R.S § 36-135, R9-6-707, and R9-6-708. Through ASIS, providers can place orders for publicly funded vaccines to provide to children eligible to receive VFC vaccines. Client-specific information and vaccine ordering privileges are only available to authorized users and the Arizona Department of Health Services. The Users enters into this agreement with the Arizona Department of Health Services and agree to adhere to all requirements that are listed in the Pledge to Protect Confidential Information.

**Interoperability:  
Provider EHR and ASIIS Electronic Data Exchange  
Initial Interest Form**

Please complete pages 1 and 2 of this form (to the best of your ability) to indicate your interest in participation with the ADHS interoperability project. Fax or email as directed below.

**A. Provider Organization**

Organization Name:				
ASIIS IRMS Id:				
Street Address:				
City:				
State:				
Zip code:

**Interoperability:**

**Provider Electronic Health Record system and ASIIS Electronic Data Exchange**

**Provider Readiness Checklist:**

Complete this check list to see if your practice is ready to start working with ADHS on direct submission from your Electronic Health Record to ASIIS.

- 1) We have been using our current Electronic Health Record (EHR) system for at least 6 months.
- 2) We have a high speed internet connection and are able to connect to ASIIS via our EHR.
- 3) Our EHR has been certified by the Certification Commission for Healthcare Information Technology (CCHIT). If you don't know, please ask your EHR vendor.
- 4) Our EHR sends and receives electronic data using HL7 messages version 2.5.1. If you don't know, please ask your EHR vendor.
- 5) Our EHR vendor has a history of supporting our office when we need technical assistance with their product.
- 6) We have access to Information Technology (IT) support when we need it. This support has the capacity to understand, translate and correct HL7 message protocol errors. If you don't know, ask your IT support provider or EHR vendor.
- 7) We want to reduce our staff time required to report to ASIIS.
- 8) We want complete, accurate immunization records on all of our patients.
- 9) We want to reduce vaccine wastage by eliminating unnecessary vaccinations.
- 10) Our practice is committed to quality data exchange with ASIIS and will provide the staff time and effort necessary to develop, test and implement an interface with ASIIS.

Once this form is completed, please fax or email it to

ASIIS Interoperability Team
